“After years of waiting for Justin Timberlake to return to his roots, the boy band member turned solo artist turned actor is back on the music scene. Even better, he’s bringing you the perfect anthem to start your day with. His latest single, ‘Can’t Stop The Feeling,’ was released Friday, May 6, and it’s hard to stop the smiling (and grooving) after just one listen. Aside from the songs catchy beat, Timberlake’s ‘Can’t Stop The Feeling’ lyrics will flood you with feelings of joy, good times, and pure sunlight. And, no, I’m seriously not exaggerating.”
